Interactive Rotating Character Design Sculpture

Interactive: acting one upon or with the other.

Rotate: move or cause to move in a circle around an axis or center.

Character: the combination of traits and qualities distinguishing the individual nature of a person or thing.

Design: purpose, planning, or intention that exists or is thought to exist behind an action, fact, or material object.

STEP ONE: RESEARCH Interactive Rotating Character Design Sculpture by visiting the school network:

K://Mr.Anett/AVI20/Sculpture/Interactive Rotating Character Design Sculpture /The Lego Movie Interactive Rotating Promo Sculpture.mp4

STEP TWO: ANSWER the questions on the Interactive Rotating Character Design Sculpture Questions handout.(attached)

STEP THREE: DRAW: In your sketchbook draw 5 different conceptual sketches of different themes for your Interactive Rotating Character Design Sculpture using the provided template. NOTE: Each design will be broken into three moveable pieces.

STEP FOUR: GET APPROVAL for your sketches by the teacher before starting to create your final sculpture using the provided nutex paper printed template.

STEP FIVE: CUT out the various shapes using exacto blades and then COLOUR your work with pencil crayons.

STEP SIX: GLUE your Interactive Rotating Character Design Sculpture together with white glue or glue sticks.

STEP SEVEN: REFLECT by answering the following questions on the attached sheet.

1. What do you think was the most successful part of your work and why?

2. What do you think was the least successful part of your work and why?

3. If you had to do this project again, what changes would you make to your work and why?
Look at The Lego Movie Interactive Rotating Promo Sculpture and identify the formal, expressive and technical qualities of the work.

**Formal Qualities:** (How are the elements and principles used: (Line, Shape, Form, Texture, Balance, Rhythm, Pattern, Contrast, Emphasis, Value, Space, Movement, Colour, Variety, Proportion, Unity)

**Expressive Qualities:** (mood/feeling):

**Technical Qualities:** (how was it created):

Identify sensory, formal, expressive, symbolic, and technical qualities in your own Interactive Rotating Character Design Sculpture and make specific connections to the Lego Batman The Movie Promo Interactive Rotating Character Design Sculpture studied.

**Formal Qualities:** (How are the elements and principles used: (Line, Shape, Form, Texture, Balance, Rhythm, Pattern, Contrast, Emphasis, Value, Space, Movement, Colour, Variety, Proportion, Unity)

**Expressive Qualities:** (mood/feeling):
Technical Qualities: (how was it created):

Connections to Lego Batman The Movie Promo Interactive Rotating Character Design Sculpture studied:

Describe the stages of the design process (research, conceptual sketches, experimentation, revision(s)) followed in the creation of your Interactive Rotating Character Design Sculpture.

REFLECT by answering the following questions:

1. What do you think was the most successful part of your work and why?

2. What do you think was the least successful part of your work and why?

3. If you had to do this project again, what changes would you make to your work and why?

---

A1. The Creative Process: apply the creative process to create a variety of art works, individually and/or collaboratively; A1.1 use a variety of strategies, individually and/or collaboratively, to generate Ideas and to develop plans for the creation of art works (e.g., in small groups, use brainstorming, research, concept webs, and/or mind maps to generate original and imaginative ideas; filter their
A1.2 use experimentation, reflection, and revision when producing a variety of art works in each of the following areas: drawing, sculpture, painting, printmaking, and mixed media (e.g., experiment with a variety of materials/media, techniques, and tools to find ones that are appropriate for their planned art work; reflect on their preliminary work and on feedback from their peers before revising their art work)

A1.3 document their use of the creative process in a portfolio (e.g., include evidence of their conceptual, creative, and technical skills; include thumbnail sketches, checklists, and/or graphic organizers to show evidence of experimentation, reflection, and revision), and refer to this portfolio to reflect on how effectively they have used the creative process

A2. The Elements and Principles of Design: apply elements and principles of design to create artworks for the purpose of self-expression and to communicate ideas, information, and/or messages;

A2.1 use various elements and principles of design to create art works that express personal feelings and/or communicate emotions to an audience (e.g., create a mixed-media self-portrait that uses colour, line, and shape in the style of Frida Kahlo to convey their personality and elicit emotions from the audience)

A2.2 apply elements and principles of design as well as art-making conventions to create art works that communicate ideas, information, or messages, and/or that convey a point of view on an issue (e.g., use colour, line, shape, contrast, and emphasis when creating a graffiti piece that addresses an issue in their local community; incorporate symbolism to communicate a message about an environmental issue)

A3. Production and Presentation: produce art works, using a variety of media/materials and traditional and/or emerging technologies, tools, and techniques, and demonstrate an understanding of a variety of ways of presenting their works and the works of others.

3.1 explore and experiment with a variety of materials/media, including alternative media, and traditional and/or emerging technologies, tools, and techniques, and apply them to create art works

B1. The Critical Analysis Process: demonstrate an understanding of the critical analysis process by examining, interpreting, evaluating, and reflecting on various art works;

B1.1 identify and describe their initial reactions to a variety of art works, and explain the reasons for their reactions (e.g., the aspects of the work and/or their personal experiences that contributed to their first impressions of its mood, subject, intent)

B1.2 identify and describe the elements and principles of design used in their own art works and the works of others, and describe their effects (e.g., how line, colour, and shape are used to create emphasis, mood, and/or movement)

B1.3 explore and interpret a variety of art works, both historical and contemporary, to identify and describe their purpose and style, the materials used, and the meanings the works convey

B1.4 use a variety of strategies (e.g., peer- and self-assessment, formal critiques, feedback and reflection following public displays) to identify and reflect on the qualities of their own art works and the works of others, and evaluate the effectiveness of these works

B2. Art, Society, and Values: demonstrate an understanding of how art works reflect the societies in which they were created, and how they can affect personal values;

B2.1 identify and describe the function of various types of art works in past and present societies

B2.2 identify and describe ways in which various art works reflect the societies in which they were created

C1. Terminology: demonstrate an understanding of, and use correct terminology when referring to, elements, principles, and other components related to visual arts;

C1.1 use appropriate terminology related to elements and principles of design when creating and analysing art works

C1.2 use appropriate vocabulary to describe techniques, materials, and tools when creating and presenting visual art works

C1.3 identify and describe the stages of the creative process and the critical analysis process (e.g., how reflection relates to the other stages of the creative process)

C2. Conventions and Techniques: demonstrate an understanding of conventions and techniques used in the creation of visual art works;

C2.2 demonstrate an understanding of several conventions used in visual art works (e.g., exaggeration, metaphor, simile, symbols, synectics; conventions associated with heroic, narrative, naturalistic, and satirical works)

C3. Responsible Practices: demonstrate an understanding of responsible practices in visual arts.

C3.2 demonstrate an understanding of safe and conscientious practices associated with the use of materials, tools, and technologies in visual arts, and apply these practices when creating and/or presenting art works (e.g., use appropriate precautions when dealing with hazardous materials; adopt protective measures when using sharp tools; keep their work space clean and free of physical and other hazards; demonstrate respect for classroom facilities, tools, equipment, and technological devices)
