Perspective Sculpture Project

Perspective: 1. The art of drawing solid objects on a two-dimensional surface so as to give the right impression of their height, width, depth, and...

2. A work created in such a way, esp. one appearing to enlarge or extend the actual space, or to give the effect of distance.

Sculpture: The art of making two- or three-dimensional representative or abstract forms, to make or represent (a form) by carving or other shaping techniques.

STEP ONE: RESEARCH James Hopkins
Perspective Sculpture on the school network: S://Mr. Arnett/AV10/20/Sculpture/PerspectiveSculpture/intro.htm and complete the questions on the attached sheet – “Researching Perspective Sculpture in Art” by choosing one artwork to answer the questions on.

STEP TWO: DRAW a series of at least 3 different possible conceptual sketches incorporating perspective sculpture based on a cartoon character or a person.

Consider these specific elements and principles: Line, Shape, Space.

REMEMBER: Have your sketches approved by the teacher before start creating your perspective sculpture.

NOTE: Your finished perspective sculpture cannot be bigger than 18X24” and must be able to stand on its own. (Consider balance)

STEP THREE: SCULPT using a series of paper and cardboard to incorporate into the various parts of your perspective sculpture and use wire and glue sticks to connect your pieces. WRITE your Artistic Statement Template to document process.

STEP FOUR: REFLECT: Answer the reflection questions and hand them in with your completed work for evaluation:
1. What part of your finished project did you find most successful and why?
2. What part of your finished project did you find least successful and why?
3. If you had to do this project, what part would you change or improve on and why?

James Hopkins was born in England in 1976.
He lives and works in London.
The works of the artist are exhibited around the world.
Name of Chosen Artwork: ______________________
Artist Name: ________________________________

DESCRIPTION
1. Describe what kind of work it is (i.e. sculpture: wire, metal etc.): (1)

2. Provide a brief biography of the artist and information about the artistic style: (2)

ANALYSIS
1. Choose 6 elements and principles of design and analyze how they are used in the work: (line, shape, colour, form, movement, rhythm, contrast, texture, balance, variety, proportion, unity, emphasis, space) (6)

INTERPRETATION
1. Based on what you have learned about this artwork, what do you think the artist was trying to say? (1)

2. What feeling does the artwork evoke in you? (1)

JUDGEMENT
1. Do you like this artwork? Why or why not? (Base your answers on what you have learned) Explain. (2)
A) **Influence(s)** and research from past and present works: (James Hopkins etc.)

B) **Drawing/Sculpture techniques** used in my work and how they support my intended visual message:

C) **REFLECTION:** What do you consider to be the strength of your finished work?

What do you consider to be the weakness of your finished work?

What do you consider to be the next step of your finished work, if you were to do this project again?

Name:_________
A1. The Creative Process: apply the creative process to create a variety of art works, individually and/or collaboratively;
   A1.1 use a variety of strategies, individually and/or collaboratively, to generate ideas and to develop plans for the creation of art works
       (e.g., use research, synectic charts, and/or a class brainstorming session to generate a variety of creative ideas; reflect on the suitability of
       the ideas and choose one to serve as the basis for their plan; use notes and/or thumbnail sketches to develop their plans; revise their
       plans on the basis of peer- and self-assessment)
   A1.2 use exploration/experimentation, reflection, and revision when producing a variety of art works in each of the following areas:
       drawing, sculpture, painting, and printmaking (e.g., explore a variety of materials and/or techniques; reflect on the input of their peers;
       refine their art work on the basis of useful feedback)
   A1.3 document their use of the creative process in a portfolio (e.g., include thumbnail sketches of ideas and/or plans, notes on or
       examples of the results of experiments with different media or techniques, and copies of their preliminary and final work to
       show evidence of revision and artistic growth), and refer to this portfolio to reflect on how effectively they have used the creative process
A2. The Elements and Principles of Design: apply elements and principles of design to create art works for the purpose of self-expression and to
   communicate ideas, information, and/or messages;
   A2.1 explore elements and principles of design, and apply them to create art works that express personal feelings and/or communicate
       emotions to an audience (e.g., explore the use of colour, texture, and/or space to express specific emotions)
   A2.2 apply elements and principles of design to create art works that communicate ideas and information
A3. Production and Presentation: produce art works, using a variety of media/materials and traditional and/or emerging technologies, tools, and
   techniques, and demonstrate an understanding of a variety of ways of presenting their works and the works of others.
   A3.1 explore and experiment with a variety of media/materials and traditional and/or emerging technologies, tools, and techniques, and
       apply them to produce art works
   A3.3 demonstrate an understanding of some of the ways in which art works can be presented to reach a variety of audiences
B1. The Critical Analysis Process: demonstrate an understanding of the critical analysis process by examining, interpreting, evaluating, and reflecting
   on various art works;
   B1.4 use a variety of strategies (e.g., peer- and self-assessment, formal and informal critiques, small-group and class discussions) to
       identify and reflect on the qualities of their own art works and the works of others, and evaluate the effectiveness of these works
B2. Art, Society, and Values: demonstrate an understanding of how art works reflect the societies in which they were created, and how they can
   affect personal values;
   B2.3 identify ways in which creating and/or analysing art works has affected their personal identity and values
C1. Terminology: demonstrate an understanding of, and use correct terminology when referring to, elements, principles, and other components
   related to visual arts;
   C1.1 use appropriate terminology when identifying and describing the use of elements and principles of design in their own art works and
       the works of others
   C1.2 use appropriate vocabulary to describe techniques, materials, and tools when creating and presenting visual art works (e.g., brayers,
       conté, frottage, markers, painting techniques, pencil techniques, relief, stencil)
   C1.3 identify the stages of the creative process and the critical analysis process using appropriate terminology
C2. Conventions and Techniques: demonstrate an understanding of conventions and techniques used in the creation of visual art works;
   C2.1 demonstrate an understanding of some techniques that artists use to achieve specific effects
C3. Responsible Practices: demonstrate an understanding of responsible practices in visual arts.
   C3.2 demonstrate safe and conscientious practices associated with the use of materials, tools, and technologies in visual arts (e.g.,
       identify hazardous materials and adopt appropriate precautions and/or protective measures when using them; demonstrate
       respect for property, including classroom facilities, tools, equipment, and technological devices)
